North Shore Kart Club was formed in 1993. The intention of its founders was to promote karting in the Sydney metropolitan area by building a karting facility close to the population centre. Within a couple of years this had been realised, through a commercial facility built at Eastern Creek.

Soon after it was completed, North Shore Kart Club commenced using the Eastern Creek facility for monthly race meetings. The combination of an arrive-and-drive commercial facility incorporating a kart shop, 7 day a week 2-stroke practice and regular 2-stroke race meetings in the centre of the metropolitan area saw a large number of new karters join the sport.

The membership of NSKC went from 150 prior to the move to Eastern Creek to a just under 2000 in just 3 years. Although some members did come from other clubs a vast majority of the membership were new to karting, with about half taking out practice licenses. This increase was attributed to the location of the facility within the Sydney metropolitan area.

North Shore Kart Club has hosted many major race meetings over the years. These include:

- 1999, 2000, 2001 Australian CIK Championships
- 1999 "One Off" State Championships
- 2000 Oceania Championships
- 2000 Ford Max Challenge
- 2001 ProNats (Rotax & ReSa National Championships)
- 2002 NSW Senior State Championships
- 2005 Kartstars/CIK
- 2007 AKA National Titles

The facility at Eastern Creek has many different configurations ranging from 500m to over 1700m.
